Foreword

In 1996, the United States District Court for the Middle District of Louisiana recognized the hard work of the thousands of people involved in Louisiana's correctional system through its approval of a Settlement Agreement. That Settlement Agreement ended over 20 years of Court supervision and consent decrees in almost all of Louisiana's jails and prisons. In that Agreement, the Department of Public Safety & Corrections (DPS&C) declared that the Sheriffs of the State of Louisiana are part of the solution to resolving the capacity problem of housing DPS&C prisoners.

As part of the Settlement, the State, under the signature of Governor Buddy C. "Mike" Edwards, established a formal partnership with Louisiana Sheriffs for the housing of DPS&C offenders. The partners, the DPS&C and Louisiana Sheriffs' Association (LSA), established Basic Jail Guidelines (BJG), which became effective on April 1, 1997. The BJG were designed to assure that the fundamental constitutional rights of DPS&C offenders housed in local jails would not be jeopardized by such housing arrangements.

In July 2009, Governor Bobby Jindal, the DPS&C, and the LSA revised the partnership agreement, acknowledging that to effectively prepare offenders to transition from jail to the community is in the best interest of the citizens of Louisiana. DPS&C and LSA agreed to develop reentry strategies that address public safety risks and benefit offenders and their families, victims, and the entire community.

In September 2011, in furtherance of the commitment to reentry, the DPS&C and LSA Jail and Prisons Committee issued new and revised Basic Jail Guidelines that became effective December 1, 2011. These Basic Jail Guidelines have been revised and become effective April 25, 2019.

We thank the numerous individuals from within our organizations who have provided invaluable commentary and recommendations for the 2019 edition of the Basic Jail Guidelines.

There is a written plan, submitted to the Secretary of DPS&C, that specify the procedures to be followed in situations that threaten facility security. Such situations include but are not limited to riots, hunger strikes, disturbances, taking of hostages, and natural or man-made disasters. These plans are made available to all applicable personnel and are reviewed annually and updated, as needed. All facility personnel are trained annually in the implementation of the emergency plan.

An evacuation plan is used in the event of fire or major emergency. The plan is approved by the state fire marshal, reviewed annually, and updated, if necessary.

There are written procedures for significant unusual occurrences or facility emergencies including but not limited to natural or man-made disasters; major disturbances such as riots, hostage situations, escapes, fires, deaths, serious illness or injury and assaults or other acts of violence. Such procedures include the reporting of these incidents to the DPS&C, Office of Adult Services, telephone number 800-803-8748 during normal business hours.
