Investigation Report

Narrative:

April 15, 2014, I Detective Michael G. Cammack was notified an offender at the Avoyelles Parish Sheriffs' Office detention center #2 located in Bunkie, La. was unresponsive and C.P. R. was being performed by medical personnel. Upon my arrival I made contact with Acadian Ambulance personnel, Derik Wilson and Matt Decuir, who stated that C.P. R. was stopped by authorization from their medical physician at 0854 hrs. I then cleared the scene of medical personnel. I observed a black male lying on the floor in dorm #3 near bed #12. I did not observe any blood, drag marks, or obvious signs of a struggle. I then obtained photographs of the area around the deceased body and of the body. I made contact with the Avoyelles 911 center to notify the coroner on call and have them in route to the scene. I then made contact with on duty nurse L.P.N. Susie Dicharry, who stated that approximately 0754 hrs. She was notified an offender was unresponsive. Susie said she responded to the aid of the offender. Susie said when she arrived at the offender, identified as George Montrell, she observed a small cut on Montrell's lip and observed saliva coming from his mouth. Susie said she did not observe a pulse nor breathing from Montrell. Susie said she and other medical personnel began C.P.R. on Montrell. Susie said 911 was contacted immediately after she began giving aid to Montrell. Acadian Ambulance personnel, Derik Wilson and Matt Decuir, arrived on scene and took over C.P.R and attempting to revive Montrell. Derik Wilson said that attempts to revive Montrell were stopped at 0854 hrs. Detective Michael Simmons arrived on scene and assisted me on obtaining measurements and interviews. Susie said she was aware that George Montrell had a history of seizures and during the last seizure, Montrell had trouble breathing.

Dr. L. J. Mayeux arrived on scene at approximately 0930 hrs. and processed the scene. Myself and Dr. Mayeux did not observe any obvious signs of large bruising or evidence that Montrell was involved in a fistic encounter. There were not any signs of obvious disfigurement to Montrell's body. I observed an I.V. in the right shin of Montrell and a breathing tube on the face of Montrell with a blue and white cord. Montrell was wearing gray sweat pants. Dr. Mayeux then placed a tag on the toe of Montrell and we then placed Montrell into a sealed black bag that was secured with a tag for identification. Dr. Mayeux said that Montrell would be collected by Escude's Funeral Home personnel and then brought to Lafayette forensics for an autopsy. Escude's Funeral Home personnel arrived and took possession of Montrell and cleared the scene at approximately 1000 hrs. I then collected George Montrell's personal belongings from his lock box and under his bed. I observed a clear bowl with an inhaler in it at the head of Montrell's bunk. I photographed the inhaler. I collected George's property into plastic bags and released them to Captain Dan Moreau later. I did not observe any evidence to secure in relation to the death of Montrell in his property. I then obtained an audio recorded interview with L.P.N. Susie Dicharry and Trevionne McGlory. Detective Simmons obtained interviews with Jessie Spurlock, Jaboris Riley, Chuck Dobison, and Marquese Pleasant. The interviews were obtained by using our department issued digital voice recorders. The interviews were then transferred to a CD and placed with the case file as evidence. I obtained George Montrell's medical records from Susie Dicharry.

Jessie Spurlock slept in the bunk above George Montrell and gave the most informative interview. Jessie stated he went to breakfast about 0630 hrs. and when he returned George was sleeping. Jessie said that two (2) guys came and woke George up and asked about some clothes on two (2) different occasions before 0800 hrs. Jessie said George went back to sleep because he worked all night in the laundry. Jessie said he got up at 0800 hrs. and went to get his medication and observed that George was still sleeping. Jessie said he then returned and got back in his bunk and went to sleep. Jessie said he woke up and heard George making a noise. Jessie said Chuck, aka Marquese Pleasant, came over to George and they observed George shaking. Jessie said Chuck turned George over on his side and they told another person to go get the nurse. Jessie said he assisted Chuck until the nurse got there and they got out of the way.

Marquese Pleasant interview was consistent with Jessie Spurlock's interview. Marquese said he is the dorm orderly and was cleaning when he heard noises coming from George. Marquese said he went over to George and observed him shaking and

struggling to breath. Marquese said he turned George onto his side and held his head and called out for someone to get the nurse.

Detective Michael Simmons and myself then cleared the scene and released it back to the Avoyelles Parish Bunkie Detention personnel.

I returned to my office where I met with Captain Dan Moreau whom I obtained a DVD containing video footage from 0700 hrs. to 0900 hrs of the dorm 3. I viewed the tape and observed at 0754 Marquese Pleasant respond to George Montrell's aide, as he stated in his interview. I then transferred the two (2) plastic bags containing George Montrell's belongings over to Captain Dan Moreau. I then made a copy of George Montrell's medical record that I obtained from nurse, Susie Dicharry. I observed a document in George Montrell's medical records that showed George Montrell's signature on a waiver releasing the Avoyelles Parish Sheriff's Office from any legal responsibility for him to perform work duty due to his medical condition, and his refusal to take medical personnel's advice. I also observed that George Montrell had sustained seizures while in the custody of the Avoyelles Parish Sheriff's Office, and I observed George Montrell's signature on a refusal of medication, treatment and release form. I then returned the original back to charge nurse Steve Dauzat. A signed evidence form was completed and placed into the case file for chain of evidence. I was notified that the patrol division and corrections had made proper notification to family members of George Montrell of his death.

April 16, 2014, I arrived at Dr. L. J. Mayeux's office where Dr. Mayeux obtained the copy of George Montrell's medical records. Dr. Mayeux pointed out and marked notations in George Montrell's medical records that reflected his medications were increased and that he refused to properly take those medications. I then placed the medical record back into the case file.

April 21, 2014, I made contact with Dr. Mayeux's office and was informed that no injuries were observed during the preliminary autopsy and the official report was waiting to be concluded pending a toxicology report.

Respectfully Submitted,

and Acadian Ambulance personnel were performing C. P. R. on the male inmate. I secured the scene at that time. While medical personnel performed C. P. R., I obtained information from Warden Fulton Rabalais. Warden Rabalais stated that the inmate was identified as George Montrell. Warden Rabalais stated that the nurse of the Avoyelles Parish Detention Center #2 advised him that Mr. Montrell was having a seizure and was not breathing at approximately 0815 hours. Mr. Rabalais stated that he then contacted Major Darren Bordelon AP4 at 0820 hours and advised him the Mr. Montrell was not breathing. Warden Rabalais stated that prior to the nurse advising him of Mr. Montrell's condition, Acadian Ambulance was contacted to be en route and arrived on scene prior to my arrival.

Acadian Ambulance personnel advised that Mr. Montrell had no vital signs at 0854 hours on April 15, 2014. I examined Mr. Montrell's body and the area near the body. I did not observe any signs of foul play on or near the body. Detective Glenn Cammack #206 arrived on scene and the scene was turned over to him. Coroner Dr. L. J. Mayeaux was contacted at approximately 0900 hours by Detective Cammack and given the details. Coroner Dr. L. J. Mayeaux arrived on scene at approximately 0930 hours and requested Escude's Funeral Home of Mansura, Louisiana. Escude's Funeral Home arrived on scene at approximately 1000 hours and the body was released to the funeral services at approximately 1015 hours to be sent for autopsy. DESCRIPTION OF THE INCIDENT

(ATTACH ADDITIONAL INFORMATION IF NEED)

On the above date and approx time I Lt. Keith Shaw was advised that my assistance was needed for an offender that had a seizure in dorm 3. Upon arriving in dorm 3 I found offender George Montrell 61506 lying supine on the floor with had An AED attached and Capt. Dale Meredith doing CPR on him. The AED was advising no shock. I instructed Capt. Meredith to stop CPR at the end of the cycle and checked for a pulse. I found no pulse and Capt. Meredith and myself continued CPR per American Heart Guidelines. This was continued until the Acadian ambulance crew (Derrick Wilson EMT-Pand Mat Decuir) arrived. I then assisted them in applying their equipment to offender Montrell then restarted CPR. There equipment shower a PEA (pulse less electrical activity) and continued doing CPR. All AHA guidelines were followed and the Acadian crew had been on scene for 35 to 40 minutes when EMT-P Wilson contacted his medical control Issac Odudu MD. Who advised to discontinue all efforts? CPR stopped and I assisted Acadian in removing their equipment. All contacts were maid by Administration staff and I returned to the BJG Auditors.
