Synopsis:	Lt Josh Spillman of the Avoyelles Parish Sheriff's Office heard a radio transmission from the APSO booking office to the Avoyelles 911 Center requesting the Avoyelles Parish Coroner be notified of a death at Detention Center 1. Lt Spillman upon further investigation learned that Offender Bryan Miles had collapsed and that medical aid was rendered by nursing staff to no avail.

**Avoyelles Parish Sheriff's Office
Sheriff Doug Anderson
Investigation Report**

March 8th 2014, Lt Josh Spillman of the Avoyelles Parish Sheriff's Office reported he overheard Deputy Amber Barr in the Avoyelles Parish D.C.I booking office contact Avoyelles 911 dispatchers via radio to request the coroner contact jail personnel. According to Lt. Spillman's report he made contact with the Avoyelles 911 dispatchers via telephone and requested information as to the reason the coroner was being requested. Lt. Spillman states 911 dispatchers advised him of a death of an offender at Avoyelles Detention Center I. According to Lt Spillman he then responded to DC 1 and made contact with Deputy Barr who in turn told him that an inmate was deceased and the coroner and the Warden Bordelon were contacted.

Lt. Spillman entered the facility to begin his investigation of the death. According to his report he arrived at 0405 hrs. and made contact with the nurse on duty Michael Laborde who told Lt Spillman at approximately 0240 hrs. this date Deputy Justin Voinche who was assigned to Dorm A notified Laborde that offender Bryan Myles was complaining of shortness of breath. Spillman states Laborde instructed Voinche to escort Myles to the nurses' station which he did. Spillman goes on saying (Laborde told him as the offender identified as Bryan Myles) walked into the doorway of the nurses' station and collapsed. Laborde further said offender Myles was gasping for air which he (Laborde) moved Myles out of the doorway to administer oxygen and check for a pulse which he could not find. He immediately initiated C.P.R. Laborde continued C.P.R. and advanced resuscitation for approximately ten (10) minutes until the arrival of Acadian ambulance emergency medical personnel. Lt Spillman contacted the Detective-On-Call and continued his investigation.

March 8 2014, at approximately 0442 hrs. I arrived at DC1 and made contact with Lt. Spillman. Lt Spillman verbally briefed me as to the above facts. Lt Spillman also provided me a verbal listing of the medications offender Myles was currently prescribed. This included Cyclobenzaprine, Bisoprolol, Clonidine and Gabapentin. Nurse Laborde also informed both Lt Spillman and I that while the guards were packing up the personal items of Myles they located an inhaler labeled as Symbicort which was collected as part of the investigation.

Lt Spillman and I visually examined the exposed parts of Myles body for any signs of bruising, puncture wounds or any signs of a fistic encounter which may have been present on the body of Myles. Myles was covered with a blue sheet which I removed to examine the body. I did not observe any type of wounds other than a slight bruise on the chest (sternum) area which may have been caused from the prolonged administration of C.P.R. by nursing staff and emergency personnel.

While awaiting the arrival of the Coroner, I conducted a verbal interview of Deputy Justin Voinche. Voinche who is a guard responsible for Dorm A, DC1 said offender Myles asked to see the nurse due to shortness of breath. At approximately 0240 hrs. Voinche escorted offender Myles to the nurses' station for evaluation of symptoms for shortness of breath. When asked if Voinche noticed any physical impairments other than the shortness of breath Voinche responded, "Myles was walking normal and did not complain of any other pain or problems and when they arrived at the nurse's station Myles just collapsed." Voinche also said that asked at approximately 0230 hrs he conducted a walkthrough of A Dorm and there were no reported altercations in the Dorm and he did not witness anything unusual in the Dorm.

After my verbal interview I returned to the nurse's station where I interviewed Nurse Michael Laborde. Laborde said Myles came to medication call at approximately 2130 hrs. and he told him (Myles) to return so that he (Laborde) could review his medical charts due to the fact Myles was shipped to APSO the same day. Laborde continued by saying Myles did return and he (Laborde) provided Myles his medication, as previously listed in this report. Laborde said he was notified at approximately 0245 hrs. by Deputy Voinche that Myles was experiencing shortness of breath. Laborde said he instructed Voinche to escort Myles back to the nurse's station which he (Voinche) did. Laborde continued to state upon arrival of Myles to the nurse's station he (Myles) collapsed inside the door way. Laborde said he (Myles) was gasping for air so I administered oxygen,

checked for a pulse which was absent and then initiated C.P.R with the help of Deputies until the arrival of Acadian personnel.

After the interview, I enlisted the help of nurse Laborde and Lt. Josh Spillman to turn the body of Myles to examine the body for any injuries that were not visible. I and Laborde examined the body while Lt. Josh Spillman photographed. I did not observe any injuries, but did observe that lividity was forming in the upper and lower back region of Myles. I then inquired as to the personal items of Myles. Sgt Holden informed me Myles personal items were bagged and stored in a secure cage. Lt. Spillman and I searched the items belonging to Myles and did not find anything other than personal hygiene items and court papers, along with a few items of clothing. Assistant Coroner James Soileau arrived on scene at approximately 0500 hrs. He was briefed of the facts of the investigation to the point of his arrival. Assistant Coroner Soileau informed me he was going to order an autopsy and prepared the body of Myles for transport to Lafayette Louisiana forensic center.

Upon completion of the preparation of Myles body for transport, Lt. Spillman collected a compilation of hand written and typed reports/statements from jail personnel, along with medical records which he attached to his initial report.

Prior to departure from DC1, several attempts were made to contact Myles next of kin for notification of death met with negative results. Lt Spillman stated he would attempt to contact the prior facilities to obtain any type of information on relatives of Myles. Lt Spillman contacted several facilities to gather information however, all leads as to next of kin were exhausted, and Lt. Johns followed up with the search. Lt. Johns eventually contacted an ex-girlfriend of Myles who said she had not had any contact with Myles for several years but said she may be able to contact Myles sister on Facebook. Lt. Johns in his report said he finally made contact with Myles bother identified as Edwin Myles and made notification of death.

March 10 2014, Offender Michael Lewis was interviewed in reference to the death of Offender Myles. Michael Lewis said that at the time of Myles death he was a hall worker in which he works from 1730 hrs. until 0530 hrs. Lewis said he lived in a different Dorm but had chance to see offender Myles because of his assignment as a hall worker. Lewis said he had contact with Myles at approximately 2130 hrs. when he saw Myles walking to and from the nurse's station to his dorm. Lewis said he just said hello to Myles and did not engage in a conversation. Lewis, when questioned, said Myles appeared to be in good health i.e.; walking straight and looked normal. Lewis again saw Myles at approximately 0245 hrs walking toward the nurses' station and again Lewis said he (Myles) appeared to be normal.

Offender Timothy Harrison was interviewed in reference to the death of Offender Myles. Harrison said at the time of Myles death he was a hall worker in which he works from 1730 hrs until 0530 hrs. Harrison said he lived in a different Dorm but had chance to see offender Myles because of his assignment as a hall worker. Harrison said he was in the hallway leading to the nurse's station at approximately 2100-2115 hrs and observed Myles in line at the nurse's station for medication call. Harrison said Myles appeared to be normal and did not appear to be sick. Harrison again said he saw offender Myles between 0100 and 0200 hrs when Nurse Michael Laborde called Myles back to the nurse's station, again. Harrison stated Myles appeared to be normal. Harrison stated he saw Myles a third time at approximately 0245 hrs when he saw Deputy Voinche escorting Myles to the nurse's station at which point he (Harrison) saw Myles collapse in the door way of the Nurse's station. Harrison said he saw nurse Laborde administer oxygen. Harrison also said he watched as several deputies along with nurse Laborde administer C.P.R. until ambulance personnel arrived on scene.

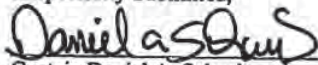

On March 10, 2014 at approximately 1330 hrs., Detective Jeremiah Honea and Detective Casey Threeton attended the autopsy of Myles. Deputy Threeton took photographs. Detective Jeremiah Honea stated upon his return the forensic pathologist Dr Tate said there were no signs of trauma and believed the cause of death to be natural pending toxicology results. A final determination of cause of death will be submitted to the Avoyelles Parish Coroner upon completion of forensic pathologist.

March 12th 2014, Offenders Dennis Cabral and Leslie Harris were interviewed reference to the death of Myles. Both offenders were immediate bunk mates. During the interviews, both Cabral and Harris said they had minimum involvement/conversation

with Myles due to the fact that Myles had just been shipped to DC1. Both Cabral and Harris said they talked to Myles for a short period of time and did not notice anything wrong with Myles. Both stated he appeared to be in good health. Cabral stated at around 2100 hrs he (Cabral) was going to bed and noticed Myles had left the bunk area and was in the day room area of the dorm playing cards.

March 26 2014, I interviewed LPN Alyson Johnson Nash who was the admitting nurse. During the course of the interview nurse Johnson Nash explained and showed me the paperwork associated with the admitting process. Johnson Nash also explained the charting of medications and procedures associated with that process. When questioned Johnson Nash said offender Myles appeared to be healthy and did not complain of any medical issues, with the exception he (Myles) was allergic to bananas which she noted on his medical charts.

Narrative

At approximately 0358 hours on Saturday March 8, 2014, I, Lieutenant Joshua Spillman #107, heard Deputy Amber Barr in the Avoyelles Parish D. C. #1 booking office contact Avoyelles 911 dispatchers via radio to request the coroner contact jail personnel. I then made contact with Avoyelles 911 dispatchers via telephone and requested information as to the reason that the coroner is requested to contact the jail personnel. Avoyelles 911 dispatchers advised me of the death of an inmate at the Avoyelles Parish D. C. #1 at that time.

I then responded to the Avoyelles Parish D. C. #1 and made contact with booking personnel to request further information. I was advised by Deputy Barr that an inmate was deceased and the coroner and Warden Bordelon were contacted. I then removed all weapons and entered the Avoyelles Parish D. C. #1 to begin investigating the death. Upon arrival in the jail at 0405 hours, I made contact with the nurse on duty in the Avoyelles Parish D. C. #1, Michael Laborde. Michael Laborde stated that at approximately 0240 hours on Saturday March 8, 2014, Deputy Justin Voinche, who was assigned to Dorm A, made contact with him and advised that an inmate was complaining of shortness of breath. Michael Laborde stated that he instructed Deputy Justin Voinche to escort the inmate to the nurse's station. Michael Laborde stated that when the inmate, identified as Brian Myles (Inmate ID 58914), walked to the doorway at the nurse's station, he collapsed. Michael Laborde stated that Brian Myles was unresponsive at that time and began gasping for air. Michael Laborde stated that he administered oxygen to Brian Myles. Michael Laborde stated that he checked for a pulse and he was not able to feel a pulse. Michael Laborde stated that he moved Brian Myles out of the small area in the doorway to begin C. P. R. at that time. Michael Laborde stated that 911 was called and Acadian Ambulance responded. Acadian Ambulance arrived within ten minutes and continued C. P. R. and attempted advanced resuscitation efforts but all efforts failed. Michael Laborde stated that Acadian Ambulance personnel contacted an unknown physician who advised to stop all resuscitation efforts after details were given to the physician.

I then examined the body of Brian Myles who was laying on his back on the floor inside of the nurse's station just inside of the doorway. Brian Myles' body was covered with a sheet upon initial

contact. Deputy Justin Voinche removed the sheet at my request. I examined the entire area of the body that was exposed. The parts of the body which were not able to be examined at that time were the back, the back of the head, the back of the arms, pelvic area, legs, and feet due to the position and clothing. I observed that Brian Myles was wearing a white shirt, red pants, white socks, and tan shoes. I did not observe any signs of trauma on the exposed areas of the body. I did observe a small area of discoloration on Brian Myles' chest over the sternum. The discoloration is believed to be caused by chest compressions from resuscitation attempts. The body was not moved in any way after my arrival to examine unexposed areas of the body.

Michael Laborde provided me with a list of medications that were prescribed to Brian Myles which included Cyclobenzaprine, Bisoprolol, Clonidine, and Gabapentin. Michael Laborde stated that he did not have complete information on Brian Myles' medical history. Michael Laborde stated that Brian Myles was transferred to the Avoyelles Parish D. C. #1 several hours prior to the death at approximately 1100 hours on Friday March 7, 2014 from the Tensas Parish Sheriff's Office.

After obtaining information and examining the body, I contacted the detective on call, Detective Jeremiah Honea #205, and advised him of all information obtained and the results of the examination of the body. Detective Honea stated that he would relay information to Captain Dan Schaub #201 with the Avoyelles Parish Sheriff's Office Criminal Investigation Unit. After several minutes, Captain Schaub responded to the scene. I was advised at that time that the coroner on call, Assistant Coroner James Soileau, was responding to the scene. Acadian Ambulance personnel involved departed the scene before I was able to make contact with them.

While awaiting the arrival of Assistant Coroner James Soileau and Captain Dan Schaub, I obtained a verbal statement from Deputy Justin Voinche. Deputy Justin Voinche stated that he was asked by Brian Myles at approximately 0240 hours on Saturday March 8, 2014 to see the nurse for shortness of breath. Deputy Justin Voinche stated that he escorted Brian Myles to the nurse's station for an evaluation. Deputy Justin Voinche stated that Brian Myles was walking as normal and did not complain of any pain or other problems besides the shortness of breath. Deputy Justin Voinche

stated that once at the nurse's station, Brian Myles collapsed. I asked Deputy Justin Voinche if Brian Myles was involved in any type of altercation and he stated that no altercation occurred to his knowledge. Deputy Justin Voinche stated that corrections personnel checked on all inmates in Dorm A at approximately 0230 hours on Saturday March 8, 2014 at which time nothing unusual was observed.

Captain Dan Schaub arrived on scene at 0442 hours and continued the investigation. Assistant Coroner James Soileau arrived on scene at 0500 hours and assisted in the investigation. Captain Dan Schaub and I obtained written statements from corrections personnel including Michael Laborde, Deputy Justin Voinche, Lieutenant Herman Drummer, Lieutenant James Campbell, Deputy Ernest Blanchard, Deputy Amber Barr, and Sergeant Cody Holden. All statements are attached to this report. I obtained medical information and a list of Brian Myles' medications from Michael Laborde. Photographs were recovered of Brian Myles' body in the position and state that it was located. Captain Schaub and Michael Laborde turned Brian Myles' body over to examine the body for any injuries that were not visible upon initial contact. Personnel observed lividity but no injuries. Photographs were recovered of the back of Brian Myles' body. All medications prescribed to Brian Myles, including a Symbicort inhaler, were recovered from Michael Laborde for evidence and will be turned in to Deputy Jody Carmouche #207 on Monday March 10, 2014 for proper storage.

Assistant Coroner James Soileau placed Brian Myles' body in a body bag and properly tagged the body. Captain Dan Schaub and I then examined Brian Myles' property and located personal hygiene items, court documents, and hand written notes. There were no items in his property at that time that indicated anything suspicious. Hixson Brothers Funeral Home was contacted by Assistant Coroner James Soileau and arrived to recover the body of Brian Myles. Assistant Coroner James Soileau requested that the body of Brian Myles be sent to Lafayette Louisiana for an autopsy to determine the cause of death. Once the body was removed, all personnel left the scene.

All statements, photographs recovered, list of medications, medical records, and all other corrections records for Brian Myles are attached to this report. I obtained information from booking records for the next of kin, James Landry, who is Brian Myles' father. The address I obtained was

Narrative

On March 8th, 2014 at approximately 0830 hours Lieutenant Tommy Mitchell, the on duty shift lieutenant at Detention Center 1, contacted me, Lieutenant Joshua Johns, via telephone. Lieutenant Mitchell informed me that Iberia Parish Sheriff's Office was unsuccessful at making contact with a family member of Brian Myles at the address listed under Brian Myles emergency contact information. The name, address and phone number listed in the Avoyelles Parish Sheriff's Office booking computer for Brian Myles emergency contact was as follows: James Landry, 1034 Providence 5678 Trailers New Iberia, LA 70560, (337)364-2741. When Lieutenant Mitchell contacted me I went to Detention Center 1 to speak with Lieutenant Mitchell about the situation in person. Upon entering Detention Center 1 Lieutenant Mitchell and several other corrections personnel were rummaging through Brian Myles property in an attempt to locate any addresses, phone numbers, names or correspondence to assist with locating a family member of Brian Myles. The search produced no results. Lieutenant Mitchell and I then looked at the booking computer again, to determine if the address was given to Iberia Parish Sheriff's Office incorrectly. Upon viewing the information the address given to Iberia Parish Sheriff's Office was correct. Further viewing the booking computer Lieutenant Mitchell and I found that Brian Myles was booked into Detention Center 1 on 8/11/06. At that time, the emergency contact information entered was as follows: Tiffany Martin, 1034 Providence New Iberia, LA 70560, (337)364-2741. The only difference in the information entered on 8/11/06 and 3/7/14 was the names were (James Landry and Tiffany Martin) were not the same. In addition, 5678 Trailers were not listed in the 8/11/06 emergency contact information as they were, in the 3/7/14 emergency contact information. I then saw that at the time Brian Myles was booked into Detention Center 1 on 3/7/14 Deputy Brittany Gremillion was the officer who booked him in. Since Deputy Gremillion was working in the booking office at the present time, I proceeded to the booking office to speak with her about how she acquired the information she entered into the computer. Upon making contact with Deputy Gremillion she indicated she recalled when Brian Myles was booked. Brittany Gremillion said when it was time to enter his emergency contact information she ask Brian Myles if the information already entered into the computer (on 8/11/06) was still correct. She said she then

read the information to him. Deputy Gremillion said Brian Myles told her Tiffany Martin was no longer his girlfriend. She then asked him who he wanted to put, as his emergency contact. Deputy Gremillion said Brian Myles told her he wanted to list his father, James Landry, as his emergency contact. Deputy Gremillion said she changed the emergency contact information from Tiffany Martin to James Landry. I then asked Deputy Gremillion where the updated emergency contact address and phone number was derived from. She said the information was obtained from Brian Martin at the time he was booked. She also said Brian Myles was transferred from Tensas Parish to Detention Center 1 and did not have any paperwork when he arrived. Deputy Ducote was also present for the conversation between Deputy Gremillion. Deputy Ducote said she had located emergency contact information in a database used in booking, called CAJUN. She provided the following information: Donald Blue, 7001 Highway 14 Lot 5 New Iberia, LA, (337)967-6035. At this point I exited Detention Center 1, entered the Avoyelles Parish Sheriff's Office, and initiated an investigation, to locate a next of kin or point of contact, to notify them Brian Myles had passed away. I began the investigation by attempting to contact phone number (337)967-6035, which was the number provided by Deputy Ducote. After contacting the number I had no success at making contact with anyone. I conducted a reverse address search to see if the address had a name associated with it. The search indicated there was no such address. I then contacted Tensas Parish Sheriff's Office to see what they had listed as emergency contact information for Brian Myles. Upon contacting the parish jail I made contact with a male subject who identified himself as Sergeant Turner. I identified myself and explained the purpose for the phone call. Sergeant Turner advised me to hold on while he retrieved Brian Myles information. After being on hold for several minutes Sergeant Turner returned to the line. He advised the emergency contact information they had on file Brian Myles consisted of the following: James Landry, 3712 Cotton Street Baton Rouge, Louisiana, (225)685-0057. Sergeant Turner also informed me that Brian Miles was incarcerated in Catahoula Correctional Center prior to being incarcerated in their facility. Sergeant Turner suggested I make contact with Catahoula Correctional Center to see if they had additional emergency contact information on file for Brian Myles. Sergeant Turner was

thanked for his time and the call was terminated. Upon completion of the conversation I attempted to call telephone number (225)685-0057, which was the number provided by Sergeant Turner. I was unsuccessful at making contact with anyone at this telephone number as well. I then cross referenced the address provided by Sergeant Turner to see if there was a name associated with it, utilizing a reverse address search. The reverse address search indicated there was no such address. I then contacted Catahoula Parish Correctional Center. Upon contacting them I spoke with an unidentified female subject. I identified myself and explained the purpose for the phone call. The female subject instructed me to hold on while she retrieved Brian Myles' file. Upon her return to the phone the female subject provided me with the following emergency contact information, they had on file, for Brian Myles: Donald Blue, 214 Halphen Street New Iberia, LA, (337)685-0047. The investigator thanked the female subject for her time and terminated the phone call. I then attempted to contact the phone number provided to me, by the female subject. No contact was established with anyone utilizing this phone number. A reverse address search was conducted of the provided address but also produced negative findings. At this point I conducted advanced person searches, and comprehensive persons reports for James Landry, Donald Blue and Brian Myles, utilizing a database personally subscribed to, by me, in an attempt to ascertain any information that would assist me with locating a next of kin or point of contact for Brian Myles. After running the searches I examined them and located numerous phone numbers for the said subjects. I contacted all the phone numbers listed on the three reports but was unable to establish contact with anyone associated with Brian Myles. I then began examining the reports for possible associates of Brian Myles, James Landry and Donald Blue. Numerous associates for all three subjects were located. Contact was made with several of them but they were unable to assist with locating any family or close friends of any of the three subjects. With this apparently being a dead end I then contacted booking again and requested Deputy Gremillion look in the CAJUN database once again, to see if Brian Myles had a probation/ parole officer assigned to him at one time. After a couple minutes on hold Deputy Gremillion returned to the phone and told me at one time Brian Myles' did in fact have a probation officer. She said according to the CAJUN system, Brian Myles'

probation officer was identified as David Voorhies, from the New Iberia area. I then contacted Probation Officer Stuart Wixson via telephone. I asked Stuart Wixson if he knew any probation officer's that worked the New Iberia area, that may have David Voorhies telephone number. Stuart Wixson said he did know several probation officers within the area and would attempt to contact one of them. While waiting for Stuart Wixson to call me back Narcotics Agent Ray Chassion arrived at the Avoyelles Parish Sheriff's Office to assist me with searching for some one to contact to notify of Brian Myles' death. Agent Chassion advised he was going to go back to C.I.U., to utilize numerous databases available to him, on his computer. Shortly after speaking with Agent Chassion I received a phone call back from Stuart Wixson. He advised he made contact with David Voorhies, who should be making contact with me shortly. He also provided me with telephone number (337)523-1056 as being the phone number for David Voorhies. Approximately two minutes after hanging up with Stuart Wixson David Voorhies made contact with me via telephone. I advised David Voorhies of the situation. David Voorhies said he did recall Brian Myles being on probation with him. David Voorhies said Brian Myles, while on probation, lives from house to house and did not have much family. He said at the time of Brian Myles arrest he was living with a female subject on Highway 14, who David Voorhies identified as Tiffany Martin. He also said at the time of arrest both Brian Myles and Tiffany Martin were arrested, together. David Voorhies suggested I contact the Iberia Parish Sheriff's Office to see if they had any emergency contact information on file or any contact information for Tiffany Martin. I thanked David Voorhies for his time and the conversation was terminated. Agent Chassion then approached and told me he located a possible relative for Brian Miles and requested I come to his office. Agent Chassion said he located a female subject, identified as Deborah Myles, who was possibly related to Brian Myles. There were six different telephone numbers listed for Deborah Myles. Agent Chassion and I then contacted all six telephone numbers and had no success with making contact with Deborah Myles. I then returned to the area I was working and contacted the Iberia Parish Jail. Upon contacting the jail I made contact with a female subject who identified herself as the on duty lieutenant. I identified myself and explained the purpose for the phone call. The lieutenant

told me she was unable to obtain emergency contact information for Brian Myles, but may have a telephone number on file for Tiffany Martin. She advised me to stand by as she checked. After several minutes she returned to the line. The lieutenant provided me with telephone number (337)380-8202 as being the most recent telephone number for Tiffany Martin. I thanked her for her time and the conversation was terminated. I then called the phone number provided. A female subject answered the phone and I requested to speak to Tiffany Martin. The female subject said she was not there and asked if she could take a message. I advised her who I was and explained that it was very important that I speak with Tiffany Martin. She then said she was Tiffany Martin, but did not immediately identify herself, due to the fact she was sleeping, as a result of working last night. I asked her if she knew Brian Myles and what their relationship was. Tiffany Martin said they dated years back but were no longer in a relationship. I advised Tiffany Martin Brian Myles had passed away and that I was attempting to locate family members to advise them. Tiffany Martin said Brian Myles did not have much family in the area. She said his mother passed away and made no mention of Brian Myles' father. I asked her if she was familiar with the names James Landry and Donald Blue. She said she was not. Tiffany Martin said she did have contact with Brian Martin's sister, Deborah Myles, who resided in New York. She said she would send her a Facebook message, requesting Deborah Myles contact her via telephone, to advise her of the situation. I then provided Tiffany Martin with the on duty lieutenant's telephone number, so she could provide it to family members once contact was established with them. She was thanked for her time and the conversation was terminated. I then advised Agent Chassion of the findings. Both of us agreed there was nothing further that could be done at this point. Therefore, the investigation was concluded. At approximately 1330 hours I was notified by jail personnel, at Detention Center 1, that the brother of Brian Myles, identified as Edwin Myles, was attempting to contact me via telephone. They provided phone number (404)587-9292 at the contact number for Edwin Myles. I made contact with Edwin Myles via telephone. Upon contacting Edwin Myles I identified myself and explained the purpose for the phone call. Edwin Myles said he was made aware of Brian Martin's death by his sister, Deborah Myles. I advised him that Brian Myles' remains were sent to Lafayette, LA for an autopsy, scheduled for Monday, at 1330 hours. Edwin Myles replied "Autopsy? Don't you think ya'll should check with the family before yall do something like that?". I advised Edwin Myles the sheriff's office does not make the decision to conduct autopsies. I advised him the Avoyelles Parish Coroner's Office sent his remains for the autopsy and that under certain circumstances it was necessary when someone passes away. Edwin Myles acknowledged he understood. He was then advised to contact the Director of Corrections, Darren Bordelon, Monday, for additional information regarding the transfer of Brian Myles' remains. He was thanked for his time and the conversation was terminated.

Offender: Brian Mykes

Offender came to nurses station for medication at approximately 9:30 pm on 3/7/14. I requested that he return in about an hour so I could pull his chest & review his medication with him (because he was a new offender - arrived @ 11:00 same day). When he returned approximately an hour later, he took his medication. He had no complaints at the time. A distress noted.

At 2:42 a.m. on 3/8/14 Dep. J. Veinche reported to warden that offender was complaining of SOB. I instructed him to send offender to me for eval. As offender opened the door he collapsed onto floor. Unresponsive, gasping for air - O2 administered immediately. Pulse absent & breathing ceased - CPR initiated and Acadian Ambulance called. Acadian arrived @ 2:55 a.m. CPR continued. Acadian Ambulance Physician of choice called, time of death called at 3:36 a.m.
