INVESTIGATION

On October 25, 2015, at 1300 hours, Detective Sergeant Adam Schouest, Jr. was notified by Lieutenant Brian McGregor of an inmate death. Sergeant Schouest learned that the inmate who was in custody, was transported from the Kenner Police Jail Complex, located at 500 Veterans Boulevard, Kenner, to Ochsner-Kenner Hospital, where the inmate's death was later pronounced.

At 1335 hours, Sergeant Schouest arrived at Ochsner-Kenner Hospital, located at 180 West Esplanade Avenue, Kenner, Louisiana. Sergeant Schouest met with Lieutenant McGregor, Lieutenant Tommy Powell Jr., and Sergeant Stephen Asprien.

Sergeant Asprien advised that at approximately 1153 hours on October 25, 2015, he was notified of an inmate not responding in Kenner Police Jail holding cell number 4. Sergeant Asprien responded to the jail and observed inmate Brian Shaw lying on the bench in holding cell number 4. East Jefferson Medical Technicians (EJ-70 who were on scene at 1148 hours) and members of the Kenner Fire Department (unit E-386 who were on scene at 1153 hours) were attending to Brian Shaw. Technicians had begun Cardiopulmonary Resuscitation (CPR) and were preparing Brian Shaw for transport to the hospital.

Brian Shaw was transported to 180 West Esplanade Avenue, Kenner, Louisiana (Ochsner-Kenner Hospital) by East Jefferson Ambulance. Once at the hospital Emergency Room, Doctor George Guzzardo began advanced life saving techniques but all attempts were unsuccessful and Brian Shaw's death was pronounced at 1240 hours.

Sergeant Asprien advised the Jefferson Parish Coroner's Office had been notified of the death and was en route to the hospital. Lieutenant McGregor advised he would stand-by for the Coroner's Office Investigators to arrive, while Sergeant Schouest went back to the Kenner Police Jail Complex to conduct an investigation.

At approximately 1400 hours, Sergeant Schouest arrived at the Kenner Police Jail Complex and met with Sergeant Joseph McRae, who is the Jail Supervisor. Sergeant McRae advised Sergeant Schouest that Officer Mark Russo arrested Brian Shaw on October 24, 2015, at approximately 1039 hours, after the vehicle he was a passenger in was stopped concerning a shoplifting incident. Brian Shaw was not implicated in the theft, but was found to have an outstanding warrant for the Jefferson Parish Sheriff's Office for the crimes of RS14:72.2 (Monetary Instrument Abuse) and RS14:71.1 (Bank Fraud). The warrants were verified and Brian Shaw was arrested as a fugitive and was being held until the Jefferson Parish Sheriff's Office sent a transport unit to pick him up.

Sergeant McRae also provided the following names of the inmates who were in the holding cell with Brian Shaw prior to and at the time he (Brian Shaw) appeared to have experienced a seizure.

Eric Dupclay	black/male	date of birth June 05, 1981
Thurman Wornner	black/male	date of birth February 03, 1975

From the interview/statement, Eric Dupclay advised that he is a friend of Brian Shaw. They were arrested together on Saturday, October 24, 2015 after the vehicle they were riding in was stopped in-reference to a shoplifting incident. Eric Dupclay advised that Brian Shaw, Corin Wroten, Thurman Wornner and himself were addicted to Heroin and had last used, Saturday morning (October 24th) prior to being arrested. Eric Dupclay advised they were in a holding cell for a while when they all started feeling bad due to them withdrawing from Heroin. He advised that Brian Shaw began feeling bad first. Eric

Dupclay advised that at some point in the early morning, Brian Shaw began throwing up and convulsing, but he was not sure of the exact time. Eric Dupclay advised they alerted Kenner Police jailers who responded and attended to Brian Shaw. He could not advise any further.

Sergeant Schouest reviewed Eric Dupclay's intake paperwork and learned that on his pre-booking medical screening forms, he denied using street drugs and also stated he did not need medical attention. Due to Eric Dupclay's disclosure in his statement about his Heroin use, he was transported to University Hospital. Once there he was treated for withdrawal symptoms and released. His paperwork has been attached to this report.

At 1515 hours, inmate Thurman Wornner was escorted to the interview room on the third floor of the Kenner Police Complex.

At 1525 hours, Sergeant Schouest and Detective Savoie interviewed and obtained an audio recorded statement from Thurman Wornner.

From the interview/statement, Thurman Wornner advised that he and Brian Shaw were friends and that Brian Shaw, Eric Dupclay and Corin Wroten were doing "speedballs" (injecting cocaine and heroin) on Saturday morning prior to being arrested. Thurman Wornner advised that he snorts the heroin, because he does not like needles. He stated that Brian Shaw was heavily addicted to cocaine and heroin, and they obtained the narcotics ingested from a distributor in New Orleans. He described the distributor as a black/male, bald head, in his 20's, who he knows by the name Rick. He advised Rick sells on Seventh Street near Kim's Grocery.

Thurman Wornner advised that approximately 2 months prior to October 24, 2015, the Heroin that Rick was selling them; changed. He stated that it looked more like concrete and they would have to soften it by soaking it in water, and it would turn the water purple. Thurman Wornner advised he was scared to use it at first but stated that once he did, the high lasted longer, and it took a little longer for withdrawal symptoms to start.

Thurman Wornner advised that sometime in the morning on October 25, 2015, Brian Shaw began throwing up which caused him to throw up. After throwing up, Brian Shaw began convulsing at which point they alerted Kenner Police jail personnel who responded and attended to Brian Shaw. At 1611 hours, inmate Brandon Shallerhorn was escorted to the interview room on the third floor of the Kenner Police Complex.

At 1615 hours, Sergeant Schouest and Detective Savoie interviewed and obtained an audio recorded statement from Brandon Shallerhorn.

From the interview/statement, Brandon Shallerhorn advised that he was placed in the same holding cell with Brian Shaw at approximately 1730 hours on October 24, 2016, but he was not exactly sure of the time. He advised when he was placed in the holding cell, he thought he recognized Brian Shaw, but everyone inside the cell was either tired or sleeping. Brandon Shallerhorn advised around midnight or so Brian Shaw began throwing up and he asked him if he wanted help. Brandon Shallerhorn advised that he pushed the button on the cell intercom and told jail personnel that Brian Shaw was throwing up and was withdrawing from Heroin usage. Brandon Shallerhorn advised the jail personnel responded by telling him there was nothing they could do. Brandon Shallerhorn advised Brian Shaw eventually stopped throwing up at which point they began talking. Brandon Shallerhorn advised he told Brian Shaw that he was looking bad and Brian Shaw's reply was that he had relapsed on Heroin a few months back. Brandon Shallerhorn told Brian Shaw he had to get clean and talked about mutual friends and family. They talked until breakfast time. Brandon Shallerhorn advised that he observed that Brian Shaw did not eat any breakfast but did drink his orange juice. Shortly after drinking his orange juice, Brian Shaw began throwing up on the cell floor. Brandon Shallerhorn advised the jailers, who responded and took everyone out of the cell except for the four inmates who were withdrawing from the Heroin. Brandon Shallerhorn stated that minutes after being moved he heard the inmates left in the cell with Brian Shaw screaming for help, that Brian Shaw

At 1645 hours, Sergeant Schouest and Detective Savoie interviewed and obtained an audio recorded statement from Sherman Johnson.

From the interview/statement, Sherman Johnson advised that prior to being placed in the holding cell with Brian Shaw he had never met him. Sherman Johnson advised that Brian Shaw began throwing up and they pushed the cell button to alert jailers and ask for a blanket. The jailer responded, telling him that they could not provide a blanket and that there was nothing that they could do for Brian Shaw because he was going through withdrawals. Sherman Johnson stated that Brian Shaw began throwing up on the floor and two of the other inmates followed by throwing up on the cell floor as well. Sherman Johnson advised that the jailers came and moved them to another holding cell. Sherman Johnson could not advise anything further and was escorted back to the jail.

At 1740 hours, Sergeant Schouest, Detective Savoie and Spanish Interpreter Officer Frank Alvarenga interviewed and obtained an audio recorded statement from Jose Umana-Gonzales.

From the interview/statement, Jose Umana-Gonzales stated that he did not know anyone in the jail holding cell nor did he have any conversations with anyone due to him only speaking Spanish. Jose Umana-Gonzales advised that two of the males in the cell with him had been throwing up on and off all night. One he described as wearing a white shirt and the second a red shirt. Jose Umana-Gonzales advised he assumed they were drunk because he could smell what he believed to be alcohol emitting from their persons. Jose Umana-Gonzales advised that Brian Shaw (described as the black male in the red shirt) began throwing up on the floor at which point someone summoned jail personnel and a

Corin Wroten estimated he did not arrive to the jail until approximately 1300 hours.

Corin Wroten advised that he and Brian Shaw were friends and did Heroin together on a regular basis. They had injected Heroin on Saturday morning prior to being arrested. He stated that while he was at the hospital for his low sugar levels, he informed the medical staff that he was on Heroin. Corin Wroten stated that once he arrived at the Kenner Police Jail Complex, he was placed in the same cell with Brian Shaw, Thurman Wornner and Eric Dupclay. Corin Wroten stated that at some point on Saturday night, he and Brian Shaw began going through withdrawals and they both began vomiting. The vomiting continued throughout the night and into the morning. After breakfast Brian Shaw began vomiting on the floor of the cell and eventually began having a seizure. They summoned for a jailer who came down and moved them to another holding cell, so they could attend to Brian Shaw's medical situation. Corin Wroten could not advise any further information about this incident and was escorted back to the jail.

Sergeant Schouest reviewed Corin Wroten's intake paperwork and learned that he was transported to Ochsner Medical Center-Kenner on October 24, 2015, from the scene of the traffic stop, due to Hyperglycemia and Diabetes. It should be noted that there are no notations in reference to using or ingesting Heroin while at Ochsner. Inmate, Eduar Mateo-Zaldivar was not interviewed as he was released at 0901 hours on October 25, 2016, which was prior to the death of Brian Shaw.

On October 26, 2015, Sergeant Schouest began reviewing the jail surveillance footage from the time Brian Shaw entered the jail facility, until he was transported to Ochsner-Kenner, which was from 1140 hours on October 24, 2015 to 1228 hours on October 25, 2015. The following is what was observed for the 24-hour period:

Sergeant Schouest was able to make identifications of the inmates from the clothing that they were wearing. Due to the cloudy images facial identification was not always possible in all frames. There is also no audio on the surveillance video. Sergeant Schouest also obtained copies of the jail activity reports for the 24 hour period Brian Shaw was in custody.

On October 24, 2015, from 0630 hours to 1500 hours, 1st shift was working the jail when Brian Shaw was transported to the Kenner jail complex, which consisted of Sergeant Joseph McRae, Correctional Police Officer Maureen Dowd and Booking Officer Ethel Green.

From 1430 hours to 2300 hours, 2nd shift assumed control of the jail and consisted of Correctional Police Officer Daniel Grayson, Correctional Police Officer Zachary Babin and Booking Officer Caitlin Wadsworth.

From 2230 hours to 0700 hours on October 25, 2015, 3rd shift assumed control of the jail and consisted of Correctional Police Officer Nathan Hodges, Correctional Police Officer Gloisha Osburn and Booking Officer Caitlin Wadsworth from 2300 hours to 0230 hours and was relieved by Booking Officer Ethel Green at 0230 hours to 0630 hours.

On October 25, 2015, from 0630 hours to 1500 hours 1st shift assumed control of the jail and consisted of Correctional Police Officer Maureen Dowd, Booking Officer Ethel Green, Booking Officer Kayleigh Pepiton, Correctional Police Officer Gloisha Osburn from 0630 hours to 1100 hours and Officer Antonio Villarreal (who was assisting the jail due to shift shortages).

AS: And when did that start?

BS: Dat was like in the mornin' time. Like it had to be like round 12... 1 o'clock.

AS: Early in the mornin'.

BS: Early in the mornin'.

AS: Ok.

BS: And so um, he was throwin' up and stuff L... I wanted you know I figured that he was kinda dope sick so I didn't really like say notin' to much about it, but I knew who he was, I'm pretty sure he knew who I was, but we just ain't, 'cause you know I was like tryin' to see if there kinda person that I know you know? And so um, hours went by prob... say probly like an hour and a half like 2... 2:30 and it just started throwin' up majorly. I'm talkin' 'bout bad so I was like hey you need ta call someone for ya? And he was like yeah man, but he couldn't really speak he was just like yeah... yeah... like. So I hit the button from I told whoever was in there that, um, we got a guy up in here, he throwin' up, he's withdrawin' and um whoever said came on in (UNI) they was like, they really can't do nothin' about it he was like he want a blanket. They was like we can't give you no blanket. Um, and basically that was it. And so after that I was like Brian, he was like, B, like 'cause they call him B... so. We started runnin', I was like man, 'cause he, he was lookin' good like couple months ago, like when I first came down here. And um, that's why I was lookin' at him like that, like is that really him and I was like man you lookin' bad right na. He was like I relapsed. I was like man you need to stay off dat. And so you know we started talkin' and that's when Corey woke up and I seen that's who he was and all of us was talkin'. I was tellin' them the same thing. Then I found out that him and the other two guy, him, Corey, Brian, and the other two guys that they put in there, all them was in the car together. I found that out ans... all of us talkin'.

BS: It was just like bring the conversation so. After that, that's when...we talked all the way till breakfast came. We ate breakfast. Um, he didn't c... um Brian didn't eat breakfast. He drunk his juice but soon as he drunk his juice he threw it all up. All of it! All of the beans, the stuff he was throwin' up earlier was the beans that we ate yesterday but he threw up all the juice. Um, I was like man I'ma press the button again for you and he was like um alright. Boom, so I hit the button from and I was lettin' him know dat he was throwin' up. And as he was doin' as... as I'm tellin' them he just a mass of mass of stuff comin' out, and as I'm lookin' at whoever in the um place where the people stand, I'm lookin' and they lookin' and you... and I seen somebody like uuh like, so they came up in there and they got all, they got me, everybody that was in there they got us out and Brian stayed in there. And the rest of 'em stayed in there that was heroine skk. So, soon as I go in the cell that I'm in now, everbody that was in dere with me I... we hear a boom, boom, boom, boom, boom, boom. And they stood where dey, like help, like help, like he catchin' a seizure, he catchin' a seizure, an from there on that's when the paramedics came.... Well they came and that's it. I just stood by the window just like waitin' to see what was happenin' and when I seen him on the stretcher like comin' out, really I kinda knew because like everbody was like around the door and I was like something, something got to be wrong, something gotta be goin' on, something is wrong wlt him. And so, after that that's when the stretcher came and we had the thing on his chest like pumpin' it. And I looked at his hands, his hands was like that and I looked at his feet, that wadn't movin'. I was like he gone, and, I just had that feelin'. So I just like cry, shed a little tear for him. I talked to God for 'em, I pray. But I kinda knew like but I still pray for him and that was it.

AS: Ok. Did they tell you what they...what they type of narcotics they did?

BS: Um, he told... he told me it was heroine. He told me that they...(UNI)

AS: ... (UNI) lace it with anything or?

He was throwing up, throwing up, throwing up, and he was spitting all on the floor and then the other guy, started, you know, they all started like throwing up.

DS: Did you ask him what was wrong, or anything?

SJ: Well they already said he was going through withdrawal.

DS: From?

SJ: The one that died, he just, he was just throwing nothing but, whatever like green and yellow, you know, it was bad. So foul, you know, we could tell, 'cause I use to be drinking all a lot of beer too, and it used to do me that. I don't know that was just from beer for me. Please Note

FedEx will bill the shipper for any extra charges of \$1.00 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misidentification, unless you choose a higher value. Pay an additional charge, however, if your extra loss and fee is more than 10% of the actual FedEx Service Charge. Your right to recover from FedEx for any loss resulting in the value of the package, less of course, insurance charges, other charges, and other forms of damage which could be covered by insurance, or special services, is limited to the greater of \$100 or the actual declared value. The maximum amount of special services and insurance charges for any one shipment is \$100.00. Insure, provide labels, register to FedExAlert and other services to get the most from your shipment. Visit fedex.com for details on the applicable FedEx Service Guide for details.

The actual shipping charges may be different than the actual charges for your shipment. Differences may occur based on actual weight, dimensions, and other factors. Consult the applicable FedEx Service Guide or the FedEx Rate Sheet for details on how shipping charges are calculated.

After being advised of this rights, Officer Hodges was given an opportunity to review the advice of rights form which he signed as understanding, waiving rights. At the time, Sergeant Schouest proceeded to obtain an audiotaped statement from Officer Hodges.

From Officer Hodges statement, Officer Hodges advised he arrived at work on Saturday, October 24, 2015, at 2230 hours and worked until Sunday, October 25, 2015 at 0700 hours. Officer Hodges first interaction with Inmate Brian Shaw was while he was conducting roll call. Officer Hodges advised that Shaw was sleeping and had to be woken up for roll call. Officer Hodges stated that Shaw appeared fine, was responsive, and did not advise him of any medical conditions or problems. Officer Hodges stated that Shaw had pushed the intercom button during the night to request a blanket because he was cold. Shaw was advised that he could not have a blanket because he was in a holding cell. Individuals in holding are not issued blankets. On Wednesday, March 01, 2017, Jail Supervisor Maureen Dowd met with Sergeant Schouest. their identity.) Supervisor Dowd stated that during her interaction with Shaw he appeared in good health and did not complain that anything was wrong with him. Supervisor Dowd further advised that Shaw did not appear to be intoxicated or was on any type of narcotic. Supervisor Dowd advised that she left work at 1500 hours on October 24, 2015, at the end of her shift and returned to work on Sunday, October 25, 2015 at 0630 hours.

On Sunday, October 25, 2015, Supervisor Dowd advised her first interaction with inmate Shaw was when she told everyone in the holding cell to tone it down as they were making a lot of noise and other inmates were trying to sleep. Supervisor Dowd advised she made the announcement through the intercom system and that a couple of the inmates went to the speaker and pushed the button because they not hear her instructions. Supervisor Dowd repeated herself and the inmates complied. A bit later an inmate pushed the button and advised that he wanted to go to the hospital to get his medication. Supervisor Dowd advised him that they already had his medication and that it would be passed out at breakfast. Supervisor Dowd did not remember the inmate's name, who requested to go to the hospital, but stated it was not Brian Shaw. The inmate that Supervisor Dowd remembered interacting with was wearing a cream and yellow striped shirt. She advised that no other inmates requested medical attention.

Supervisor Dowd estimated about 09:40 hours, she was passing out breakfast when she got to the holding cell where Shaw was. Upon handing Shaw a breakfast plate, Shaw told her that he did not want any breakfast and was not hungry. Supervisor Dowd gave Shaw a juice and told him that he needed to eat or drink something. At approximately 1000 hours Supervisor returned to the cell and picked up the trash from breakfast. Supervisor Dowd advised that no one complained about being sick.

On or about 1137 hours, Supervisor Dowd advised the inmates in the holding cell with Shaw began pushing the intercom button, advising that Shaw was throwing up on the floor. Supervisor Dowd advised she immediately went to the holding cell and attempted to remove all other inmates from the cell except Shaw so she could assess the situation. Supervisor Dowd also requested an ambulance.

Supervisor Dowd advised as she removed several inmates from the holding cell that Shaw was in, the inmates who had been arrested with Shaw wanted to stay. Supervisor Dowd then went to the control room to get a code 8 sign (a signed used to identify a bio hazard in the jail) and get additional help to move the remaining inmates. When Supervisor Dowd

returned, the remaining inmates in the cell with Shaw advised he had begun convulsing. Supervisor Dowd also retrieved a couple of blankets and placed them over the vomit so no one would step in it as they attended to Shaw. While waiting for EMS unit to arrive Supervisor Dowd and Officer Villarreal continued to monitor Shaw who appeared to be breathing and snoring. She advised EMS arrived and began tending to Shaw's medical needs.

INTERVIEW AND STATEMENT OF OFFICER DANIEL GRAYSON:

On Thursday, March 02, 2017, Kenner Police Officer Daniel Grayson met with Sergeant Schouest. Officer Grayson was advised of his constitutional Miranda Rights from a standard Kenner Police Department advice of rights form A-94838. NH: I believe uh Mr. Shaw did request a blanket. That conversation I mentioned earlier was over the intercom.

AS: Ok.

NH: It's very common for people to complain about being cold.

AS: Ok. Um and...and fro...from my understanding is the Kenner Police Department's or the jail's policy not to give people in the holdin' call a blanket if...if they're cold?

NH: Unless it becomes below freezing I think is what the policy says...

KENNER POLICE DEPARTMENT
Transcribed Audio Tape Statement Form

MD: Yes the first interaction I had um with inmate Shaw on the 25th was um well actually with the whole group of everyone in holdin' cell 4 um was because some of the inmates...some of the inmates it was a quiet morning that Sunday but some of the inmates were sleeping and some of 'em were really loud and kinda rambunctious and so holdin' cell 4 really got loud and we were doin' ...they were doin' a lotta movin' around and walkin' and talkin' really loud they were comin' up to the glass and lookin' out and then laughing and ya know just talkin' with each other um I had buzzed in and asked the guys to please be quiet because if I could hear them all the way in the control room then they were too loud down there. One or two of the guys um came up to the speaker to ask what th... what that I had said and I said that they needed to take it down a notch, they said oh we're sorry we're sorry, I said ok and that was it. Um, they continued to talk more and move around but not as loudly.

AS: Ok so when you say you buzzed in you...you actually pushed the intercom button...

MD: Yes.

AS: ...what s...talkin' 'bout and talk to 'em through then intercom?

MD: Yes.

AS: Ok and a couple of 'em walked up to the intercom to find out what you were...

MD: What I was sayin'.

AS: ...what you were sayin'.

MD: Yes.

AS: Ok.

MD: And then we just clarified that.

AS: Ok and but no...when you did that no one at that time mentioned about anyone bein' sick or ill in the jail so that you recall?

MD: No not at all.

AS: Ok. Ok.

MD: Um, I...there was another incident too, there was a guy um I can't remember his name but he had a...like a cream and yellow striped shirt on and he was sittin' directly by the phone by the front glass in holdin' cell 4 and um...let's see um I had told him he...he had buzzed in and he wanted to know if he could go back to the hospital to get his medications. Um, I said no that

...he didn't need to go back to the hospital because we had g... gotten his medications when he came from the hospital. Um, because we have your medications here and this inmate started hollerin' and sayin' when will I get my medication? I said you'll get your medication at breakfast time and that's the time in the morning um medications are given as it's prescribed on the bottle. The inmate said oh ok and went and sat back down once he understood and I just I don't believe that he realized that we had his medications from when he came back from the hospital.

AS: Ok so that was an inmate that had gone to the hospital previously...

MD: Yeah.

AS: ...got his medications and um and it was back in the cell do you know what the medications were for? Do you recall or?

MD: Uh I don't recall 'em.

AS: Ok. Ok but you had his medications and he was just...he wanted to take his medications and you were just tellin' him that so that was done through the intercom as well?

MD: Yes.

AS: Ok.

MD: Um, the next thing that I did was I gave out breakfast um I guess breakfast was given out at a...approximately 9:40. Um no one made any complaints of not feeling well. Um, I passed out the juice and the food and um while I was doin' this Mr. Shaw was layin' down in the biker...back right hand corner of holdin' cell 4 uh Mr. Shaw stated to me that he didn't want anything to eat. I said you need to get up and have some orange juice or somethin' to drink. He did get up and he got his orange juice, he took the top off, he handed me the top, and he went and sat back down. Um he was drinking his orange juice and at that time he said nothing about needing any medical attention. Um, uh another inmate...the inmate that I can't remember his name that was in the cream and yellow stripe shirt sitting by the phone in the window um I gave him his medication at breakfast time like I had told him earlier on the intercom and then I observed this inmate takin' his medication um and then I gave him his tray.

AS: Ok.

MD: Um, everyone sat down and ate and Shaw was drinkin' his orange juice and Mr. Shaw I believe walked around a little bit and then that was it but everybody was eatin' at that time.

AS: Ok. Um, so is...the...uh so once you pass all the food then you just went to the next cell and continued passin' out food?

MD: Yeah I finished passin' out breakfast to all the other inmates.

AS: Ok um, ok did you have a... so after that did ya have any other interactions with anyone or did anything else occur?

MD: Um, let's see I think um around 10 AM I picked up the trash in all the holdin' cells and upstairs.

AS: Ok so it was after you passed out breakfast you came back and started pickin' up all the...the re...

MD: All the trash.

AS: All the trash, ok.

MD: Yeah um and accounted for all my stuff that I had in holdin' cells. Um, nobody at that time said anything about um bein' ill or sick or anything.

AS: Ok. Ok so um at what...what time did...were you first uh triggered that something was goin' on in the cell? What...what...what happened that alerted y'all that somethin' was goin' on in the cell?

MD: Um, at about 11:37 the inmates in holdin' cell 4 pushed the button and said that a guy had thrown up his orange juice right in the middle of the cell. They were all freakin' out because um it was all in the middle of the cell. Um, I went down to get everyone out of holdin' cell 4 and move them to holdin' cell 3 but all the inmates would not move, only three of the males moved into holdin' cell 3 and all of the other who were Shaw's friends, I guess the ones that came in with him, um that he got arrested with refused to move. They said we're not moving um due to the fact that I was the only C-P-O at the time on the floor I wasn't able to make them move um I shut the door and I said y'all are gonna have to move you cannot stay in there. I went back to the control room to get a code 8 sign to place on the door because I couldn't clean holdin' cell 4 with them in there.

AS: So code...I'm sorry code 8 sign what is that? Is that...

MD: Um it's just a uh a sign that we hang or put on any of the um doors or facility if there's been some sorte spill um or if someone's gotten sick, or if there's blood it so that way it gets cleaned properly, um before anyone else gets put in that cell.

AS: So I guess...so like a biohazard kinda...

MD: Exactly.

AS: Ok.

AS: Ok just alertin' that there's a contaminant in there that needs to be cleaned up.

MD: Exactly.

AS: Ok.

MD: 'Cause you don't wanna put anybody else in somethin' like that.

AS: Ok.

MD: Um, by this time um P-O Villarreal at um his... is in the control room so I asked for his assistance to help move the remaining inmate out of that ce... holdin' cell 4 and at this time there wasn't any emergency because we have inmates who throw up sometimes which is not unusual or uncommon after drinkin' too much but within that period of him throwin' up and me puttin' a code 8 sign on the door and gettin' P-O Villarrea... to help me move all the inmates out of holdin' cell 4 which was probably about 5 minutes the other 3 guys still in holdin' cell 4 started pushin' the button and said Mr. Shaw is havin' a seizure. So at 11:42 we called headquarters and advised that inmate Shaw is having a seizure and had vomited and EMS was needed to the jail. At 11:43 me and P-O Villarreal um went down there to move the guys from holdin' cell 4 to holdin' cell 2. Um and I believe both of us are in holdin' cell 4 by this time I got 2 blankets and placed them on top of the orange juice on the floor s... that um Mr. Shaw had thrown up so that way no one uh would be standin' in the orange juice. Um, inmate Shaw was layin' on his um stomach and his head was to the side and he was breathin'. Um usually anyone who's had a seizure is very disoriented and it takes a while for them to get um their bearing back and they don't just snap back, they verbally can't speak due to the fact that he was in a non-threatening position bein' on his stomach with his head turned to the side and breathin' I didn't move him because um I can... it can be startling and um they alwa... they don't always realize what happened.

AS: Right, so...so you've had seizures...people've had seizures in the jail before.

MD: Yes.

AS: And it's your experience that while they're havin' seizures ya...ya don't move 'em you let 'em lay there and...and uh as long as they're not injurin' themselves in any way.

MD: Right as long as they're not hittin' themselves on anything we try to keep 'em...

AS: Thing and then...right and then of course when they come out from experience they s... appear uh disoriented still.

MD: Yes.

AS: Ok. Alright.

MD: Um I knew EMS was comin' and so we waited and observed him. Um, inmate Shaw was breathing and snoring while I'm standing and observing him before EMS arrives um and I walk back in the control room to ask Kayleigh if EMS was coming while P-O Villarreal was watching Inmate Shaw Kayleigh stated yes they were coming but she would call again upstairs to headquarter. I went back into holdin' cell 4 with inmate Shaw to wait for EMS and then inmate Shaw was still breathing and snorin'. Um by this time EMS arrived at 11:48 which felt like an eternity and then I met them at the door and they came in. Um once EMS arrived uh they brought their equipment in and asked me and p... P-O Villarreal to help flip Shaw over on his back because he was such a large guy. We help flip him over on his back and then after we flipped him on his back we didn't hear the snoring anymore. The EMS guy asked the EMS girl 'cause I don't know what their names are to check for a pulse, she stated that he has a faint pulse. The EMS took the guy um took inmate Shaw's shirt off and pulled it over his head, after EMS lifted inmate Shaw's arms over his head to get the shirt off um I couldn't hear him breathin' any more. I just remember steppin' back. Um EMS took over and started compressions to the chest then they put the um AED and shocked him then they put a machine, I don't know what it's called and it's...automatically does the compressions...

AS: Ok.

MD: ...and then EMS started and I-V. Um, rank was called at like 11:50 and then they were present in the jail at 11:54 the fire department um arrived and um then inmate Shaw transported via ambulance to Ochsner Hospital with uh P-O Villarreal following...

AS: Ok.

MD: ...or following the ambulance to the hospital.

AS: Ok. Um, I'm sorry I totally forgot prior to...prior to giving this statement um you were advised of your rights uh with Kenner Police Department Advice of Rights form A 9-4 8-3-4 is that correct?
