On 3/5/20, Deputy Dyon Perque and Deputy Perry Griffin were assigned to work the Special Housing Unit (SHU) of the Lafourche Parish Correctional Complex (LPCC). At approximately 1205 hours, nurse Courtney arrived in the SHU to do doctor visits on the laptop in Multi- Purpose Room 1. Dty. Perque retrieved the first Inmate on the list, Inmate Andre Brown, and escorted him to Multi- Purpose Room 1.

At approximately 1215 hours, Dty. Griffin, who was manning the SHU Control Pod at the time, informed Dty. Perque something was going on in Dorm F4. Dty. Griffin stated that inmate Bob Carlos in Dorm F4 was complaining of chest pains, having trouble breathing, and possibly having a heart attack. Dty. Perque and Courtney made entry into Dorm F4. Inmate Kevin Necaise and Angel Barrios-Mayorga informed Dty. Perque that Inmate Carlos was in his cell (Cell 3). Dty. Perque and Nurse Courtney made entry into cell 3 and the nurse began assessing him.

While assessing Inmate Carlos, Courtney stated that his O2 (oxygen) was low and his skin was clammy. Inmate Carlos stated that he had a heart attack before. After hearing this information, Courtney told Dty. Perque to get a wheel chair bought to the SHU. Dty. Perque buzzed the SHU Control Pod via speaker from Cell 3 and told Dty. Griffin to get a wheel chair to the SHU as soon as possible. Courtney then stated that she was going to call for Acadian, and exited the dorm.

Dty. Perque stayed in the cell with Inmate Carlos. Dty. Perque didn't hear any radio communication. Dty. Perque told the two inmates who had informed us of the situation, Inmates Necaise and Barrios-Mayorga to stay in the cell with Inmate Carlos while he went to try and get a wheel chair. Dty. Perque told Inmate Necaise and Barrios-Mayorga to inform deputies if anything happened.

Dty. Perque exited F4, exited the SHU Vestibule Area, and tried to radio for a wheel chair. It should be noted that radio communication doesn't go through that well while in the SHU. A few seconds later, Lt. Neil Ledet could be seen walking down the East Wing Hallway with a wheel chair. Dty. Perque explained the situation to Lt. Ledet. Dty. Perque then reentered F4 Cell 3 with the wheel chair.

Inmate Carlos was still taking really deep breathes. Dty. Perque asked Inmate Carlos if he could stand and get in the wheel chair if Dty. Perque assisted him. Inmate Carlos shook his head no that he couldn't. With the help of Inmates Necaise, Barrios-Mayorga and Kerry Alexander, Dty. Perque was able to help Inmate Carlos into the wheel chair. Dty. Perque then rolled Inmate Carlos out of the cell.

Once out of the cell, Inmate Carlos' body locked up and he started to slide out of the wheel chair. At this time, the nurse reentered the dorm. With the assistance of inmates and the nurse, they were able to get Inmate Carlos on the floor on his back. Dty. Perque ran over to the speaker near the entrance door and told Dty. Griffin to get rovers to the SHU now.

Courtney began doing chest compressions. At this time Dty. Perque ordered all inmates to lock down in their cell. Inmates complied, and Courtney asked Dty. Perque to take over chest compressions. A few moments later multiple deputies and nurses began to enter F4 to assist. Deputies and nurses took turns doing chest compressions.

Acadian ambulance arrived at approximately 1232 hours. Deputies, nurses and responders all took turns doing chest compressions and tending to Inmate Carlos. This continued till about 1316 hours, when the responder told deputies to cease compressions. All rescue attempts were stopped. Deputies, nurses and responders began picking up equipment and miscellaneous items from around Inmate Carlos.

Responders left the SHU at approximately 1322 hours. One deputy stayed in F4 with the inmate while all others left the dorm.

The coroner arrived in the SHU at approximately 1432 hours. Deputies helped the coroner put Inmate Carlos on the stretcher. The coroner left the SHU at approximately 1444 hours.
