Subject: Update on C.H. at PHR

C. Hammond 82791

Admitted to 9W ICU room 923 at Palmetto Health Richland
His admitting diagnosis: GI bleed, liver and adrenal masses
Today's plan: EGD to locate GI bleed, transfuse additional blood products as needed, continue electrolyte replacement (potassium was extremely high)
Patient remains confused and delirious
Projected outcome: grim, terminal, consider contacting family

Subject: Inmate Charles Hammond #82791

Importance: High

Good Morning,

This is an email in regards to Inmate Charles Hammonds #82791. Sgt Johnette Pinckney called the supervisors office from Palmetto Richland Memorial Hospital advising me that detainee Hammonds had expired at 21:46 hours. An inmate death form was completed and filled out with as much information that was given to me from Sgt Pinckney and the hospital staff. Dr. Zeeshan Ahamad at Palmetto Richland Memorial Hospital pronounced detainee Hammonds to be expired. Sgt Pinckney was offered EAP for counseling and incident reports were generated. The property from the housing unit belonging to detainee Hammonds was placed inside the supervisors office bag and tag (Large and Small property). The money which is on his account remained on his account. Total Officers headcount is 40. Total Supervisors headcount is 4. Actual head count at the Facility is 778. Inmate Hammonds folders has been placed on Capt Moye desk. No contact has been made with the family. If you have any further questions please feel free to contact me. The originals of the incident reports and inmate death form was placed in the investigation box inside the supervisors office.

Thanks Sgt Jessica Ross
