Re: Request for records of offender Deaths at DC-1

Sir, we have had no deaths in the time period of October 2021 until August 2022. I not completed a "death in custody report" to the Department of Justice during that time frame. I received a correspondence in early 2021 stating that they would not be gathering that information any longer and that they had resourced it out to a company. We have received no correspondence from any other source requesting the information.

I have completed the CJ-5 report (Annual Survey of Jails) for 2021 and 2022, this report makes no reference to record the death of an offender. Should you want a copy of these two reports, just send me an e-mail requesting them.
