 - 1 death in 2014
 - 3 deaths in 2015
 - Including a suicide at the courthouse
 - And a suspicious death of an 18 year old
- There has been very little oversight of the sheriff and warden who run the facility.
 - No accreditation
 - Only a budgetary audit for the Sheriff's corrections expenses as a whole
 - No recent Parish council hearings or consent decrees
- While the facility may appear transparent, the staff are unwilling to work with concerned citizens, and the website is extremely out of date.
 - No public briefings by jail officials
 - Inmate locator is available and easy to use
 - No advocacy reports
 - Media reports deaths only when suspicious.
