Next, plaintiff claims that “there is an infestation of black colored mold growing on the walls and coming out of the vents.” [Doc. # 1, p. 3]. There is black mold on her sheets. Id. She alleges that she is at risk ...plaintiff claims that the water in the sink, shower, and water fountain is contaminated with a brown substance. Id. ...That the brown contaminants in the water caused rashes on her “right inner and upper thigh.” [Doc. # 7, p. 1 Plaintiff claims that she has not “been assigned to any classes to help better [her] for society.” Id. Plaintiff claims that she is not receiving proper medical attention... [Doc. # 7, p. 1]. She states that she was sentenced to 15 years of incarceration, but she has “not spoken with any counselors [or] life coaches” id. At 2.
