Entered Date/Time: 3/13/2026 14:15 Report Type/Sequence: I 1

Title: INITIAL REPORT

Dunn was an inmate at the East Feliciana Parish Prison being held in a one man Observation Cell 4 due to a previous gunshot injury which had left him mobility impaired many years ago.

Security video showed Dunn moving in his cell at 05:38 AM and a jail deputy spoke to him by name. At 06:48 AM the deputy tried to contact Dunn and found him unresponsive, he opened the cell and tried to get a response to no avail. The deputy immediately called for a supervisor and Acadian Ambulance.

Dunn was moved by stretcher from his cell to the front sally port where CPR was initiated. Acadian Ambulance arrived at 07:04 AM and CPR was continued until 07:50 AM. Dunn never regained consciousness.

A search of Dunn's cell was conducted which failed to produce any evidence of contributing factors including but not limited to evidence of drug use.

Dunn's death is suspected as the result of a medical event and an autopsy has been ordered by the Coroner's Office.

Title: AUTOPSY REPORT

File #2026030573
04/14/26
Raymond Gerard Dunn, B/M, DOB: 01/30/1981 (45 YOA)

Autopsy Report Summary

Autopsy was performed on March 16, 2026 at the Jefferson Parish Forensic Center by Randall Bissessar, M.D. Forensic Pathologist.

It is the opinion of Dr. Bissessar that Raymond Dunn, a 45-year-old male, died as a result of hypertensive
cardiovascular disease. Other significant conditions include chronic obstructive pulmonary disease
and right kidney hydronephrosis with abscess formation. The manner of death is best classified as
natural.

Complete autopsy report is saved as an attachment in Case 2026030573 Documents.

Nothing further,

Detective R. Adam White
East Feliciana Parish Sheriff's Office
