RE: "Basic Jail Guidelines" Monitoring Report

Please see the attached monitoring report regarding the Basic Jail Guidelines (BJG) inspection conducted at Concordia Parish Correctional Facility on April 16, 2025. The facility continues to provide a secure, safe, and stable environment for DOC inmates in its custody. However, please note the following recommendations made by the BJG inspection team:

- Recommendation was made to maintain the cleanliness of bathrooms. Staff were reminded of the importance of the housekeeping policy.
- **IV-D-001 Healthcare Quarterly Meetings:** Recommendation was made to have a sign in sheet for staff that attend these meetings and not just a typed copy of who all attended.
- **IV-E-001 Alleged and Substantiated Sexual Assaults:** Recommended a copy of the training roster be added to the documentation for file.
- **V-A-005 Exercise & Recreation Access:** There was documentation showing inmates going out for recreation. However, it did not meet the minimum of at least 3 times a week. Staff was informed this is mandatory and inmates need to be provided with recreation at a minimum three times a week. Staff advised they will correct this matter and begin providing more recreation time for inmates.

At this time, DPS&C will continue with annual monitoring visits. Thank you for your support of the BJG process.
